

HH Club League, Season 5 – Results (After 16 Events)

The CHIG Epping event on 16 March lacks complete data on climb on each of the courses so the points are not accurate. The final two events in the season, to be scored for points are TVOC Wendover on 15th June and SN Frith Hill on 22nd June.

A number of new names have appeared in the rankings and arbitrarily earn 100 points for their first event. Their second event is also used to calculate their handicap. If they have previous 'O' results, prior to joining HH, I will attempt to calculate a handicap for them. I need at least 2 results with event name, date, course run, distance, climb and time taken. If you can email this information to club.league@happyherts.org.uk I will perform the necessary calculations.

HH league points after 16 events. Best 8 scores from the 18 events in the season to score. Non-scoring events are shown with a grey background. If you have any queries about the league please contact Christopher Drew, club.league@happyherts.org.uk
